

DO NOT BE SILENT WHEN MOSCOW

CRUCIFIXES UKRAINE!

Appeal to the Ukrainian Diaspora in the Russian Federation

Nine years ago, the Russian Federation launched an insidious aggression against Ukraine.

On February 24, 2022, it formed into an open war with the aim to destroy the Ukrainian state through the open GENOCIDE of the Ukrainian people. Moscow soldiers are terrorizing: they viciously kill children and women, they loot and destroy cultural monuments.

The head of the Ministry of Health of Ukraine said that since the beginning of Russia's attack on Ukraine as of February 28, 352 civilians were killed, 16 of them children. 2,040 people were injured, including 45 children.

The Armed Forces of Ukraine inflict huge losses on AGGRESSOR. Ukraine is on fire, bleeding, but heroically defending its INDEPENDENCE. The whole nation rose to defend the state. The world community is providing an enormous help to the heroic defenders of freedom and democracy, realizing the danger of the Putin regime to the planet.

Volunteers from many countries of the world come to defend Ukraine. Soldiers of the French Foreign Legion return to defend their Homeland...

We appeal to Ukrainians and their descendants who, for one reason or another, found themselves living in Russia-Muscovy. Do you not have a trembling heart, does not boil blood in your veins, does not torment your conscience from what the Russian army is doing on the land of ancestors, in your ancestral homeland - Ukraine?

We appeal to the Ukrainian servicemen of the Armed Forces of the Russian Federation:

You, the descendants of the heroic Cossacks, have no place among the vandals of the XXI century; realize that you are shooting at your blood relatives; Understand that the rockets, shells, and bullets you fire not only kill civilians and their selfless defenders and destroy the graves of your ancestors, but also kill the history of civilization.

Stop! Do your best to stop this bloody massacre.

DO NOT BE SILENT! ACT!
